Object: REMOVING STAIN FROM YOUR DECK

Date : March 14, 2014

It takes 2 to 3 hours to strip your patio to bare wood and 5 to 6 hours to apply a fresh coat of stain!

It is so easy to strip the stain from your deck, you won't believe it! And for less than \$50.

Easy as 1, 2, 3!

- 1- Apply Wood Stain Remover**
- 2- Wait 15 minutes (reapply if needed so it does not dry on you)**
- 3- Remove the stain with water (use a pressure washer 2000psi OR brush and rinse)**

Here are the main advantages :

- 1. Works on all types of Stains (solvent or water-borne)**
2. Compatible with all wood species (some like cedar will darken, use WOOD CLEANER & BRIGHTENER to neutralize in these cases)
3. Certified Green technology (0% VOC, biodegradable, no harm to vegetation)
4. Covers approx. 150 ft² per gallon
